## Sinking Creek 4-Wheel Drive Association

**Sinking Creek** is Blacksburg's local 4x4 club. The club is made up of both students (from VT and other nearby universities) as well as local residents. All individuals with interest in offroading are welcome, regardless of skill level.

We pride ourselves on our highly varied group of members. There are members with purpose built offroad-only buggies, lightly modified daily drivers, stock vehicles, and even members who do not even own a 4x4.

Multiple club trips are made annually to many different offroad destinations such as Potts Mountain, Harlan KY, Callallantee TN, and many others.

***Our first meeting will be held at 7:00PM on Sunday 9/09/2012 in the commuter lot at the corner of Prices Fork and West Campus Drive. Any interested individuals are encouraged to attend with or without their rigs.***

***Visit the forum and post up and introduce yourself!***
